Andrew Schubert

832-784-5666 | andrew.schubert1986@gmail.com | andrewschubert.net | Github: theschubiantor

Full stack web developer with a passion for designing creative, user-friendly web applications. With experience in React/Redux, JavaScript, and Ruby on Rails, I discovered an affection for programming through my love of technology, knowledge, and passion for challenges. Along with being a self-motivator, I bring strong skills in communication, organization, and problem-solving that help advance companies towards their ultimate mission.

Technical Projects

TriviaMaster - Github | Live Demo
A trivia game that tests your knowledge in the areas of sports, science, history, and entertainment
- Built the API using Ruby on Rails and the MVC pattern
- Created the client-side with React, Redux, Bootstrap, and CSS
- Designed the database schema and configured ActiveRecord associations

Stay Informed - Github | Live Demo
A 'social' task-manager that helps individuals and organizations to stay accountable to their tasks
- Used Bootstrap and custom CSS to design the front end
- Built the back end using Ruby on Rails and the MVC pattern
- Used OMniAuth for OAuth authentication with Facebook
- Rendered the front-end with JavaScript, and JQuery

Card Collection - Github
A database system that organizes a collection of trading cards
- Used Sinatra to build the MVC application
- Designed the database with ActiveRecord associations
